Medical Fitness to drive assessment - To be completed by medical practitioner and returned to WorkSafe Tasmania

Were you familiar with the applicant's medical history prior to the examination Yes No

I certify that I have examined the applicant in accordance with the medical standards as required in "Assessing Fitness to Drive for Commercial and Private Vehicle Drivers March 2012" (commercial standard).

In My Opinion the applicant, NAME

Meets the relevant medical criteria for an **unconditional** licence and requires no further assessments. Please note applicants requiring the use of visual aids **do not meet** the medical criteria for an **unconditional** licence

Does not meet the medical criteria for a **conditional** or an **unconditional** licence

Record which criteria are not meet and other relevant medical information

Does not meet the medical criteria for an **unconditional** licence but is considered for a **conditional** licence (as below):

1. Criteria not met and other relevant medical details

2. Proposed restrictions to licence (if appropriate)

3. Suggestions for management and periodic review interval

Attach supporting documentation to this medical assessment. Information provided must include the opinion of an appropriate specialist.

Applicant Information

All applicants must undergo a medical fitness test no more than 6 months prior to making application. Payment for any medical costs is the responsibility of the applicant.

When making an appointment with your medical practitioner, you should advise the receptionist as it may take longer than a routine consultation.

If you wear spectacles, hearing aids etc, then you should bring them to the examination. You must also make the doctor aware of any medical condition which might impair your ability to work effectively as the driver of a vehicle transporting dangerous goods.

If you meet the medical criteria for an unconditional licence, this will be sufficient medical evidence.

If you do not meet the medical criteria for an unconditional licence your Doctor may recommend conditions and restrictions for a conditional licence.

You may need a report from a medical specialist to support these recommendations. If you are referred to a specialist you must obtain supporting information, and include this with your application.

Withdrawal of Licence - If WorkSafe Tasmania does not issue you a licence on the basis of this medical report, you may apply again when you can provide medical evidence that indicates you have met the national medical standards. You also have the right to appeal.

Medical Practitioner Information

The examination must be conducted in accordance with the national medical standards for commercial vehicle drivers described in *Assessing Fitness to Drive - Medical Standards* published by Austroads and the National Road Transport Commission . This publication is available from your State or Territory Driver Licensing Authority or on the Internet at www.austroads.com.au

You may extend the examination where a medical examination or procedure is considered clinically appropriate, but you must advise the applicant of any extra cost.

The following is to be completed:

- DG1 Form GF131 (Page 3 Medical Assessment) : Application for a Dangerous Goods Driver Licence. Original to be provided to applicant, and a copy kept on the applicant's medical record.
- DG2 Form : Questionnaire/Medical Examination for a Dangerous Goods Licence. Original to be retained on the applicant's medical record.

If the applicant does not meet the medical criteria for an unconditional licence, you may consider conditions/restrictions for a conditional licence (e.g. corrective lenses, hearing aids, regular medical assessment, no night driving, restricted driving times, additional mirrors).

The opinion of a medical specialist is generally required to support recommendations made for a conditional licence. If required the applicant should be referred to the appropriate specialist for review.

A specialist report should include the applicant's details, specialist details, and an assessment of the applicant with a finding in regard to a conditional licence.

Only information relevant to the applicant's fitness to drive should be forwarded to WorkSafe Tasmania
