J. Explanatory Notes

The Work Health and Safety Regulations 2012 provides for the notification of Schedule 11 hazardous chemicals to WorkSafe Tasmania.

Notification of Schedule 11 hazardous chemicals provides risk based information to WorkSafe Tasmania so it can apply resources and target compliance and enforcement actions to areas of greatest risk to health and safety.

A person conducting a business or undertaking (PCBU) at the workplace must notify WorkSafe Tasmania when:

- A quantity of a Schedule 11 hazardous chemical or group of Schedule 11 hazardous chemicals exceeding the manifest quantity is used, handled or stored or is to be used, handled or stored at the workplace [Regulation 348 (1)]
- After the Schedule 11 hazardous chemical or group of schedule 11 hazardous chemicals is no longer used, stored or handled at the workplace it is not likely to be used, handled or stored at the workplace in the future [Regulation 348 (4)].

Manifest quantity in relation to Schedule 11 hazardous chemicals means the quantity referred to in Schedule 11, table 11.1 column 5 of the WHS Regulation for that hazardous chemical.

WorkSafe Tasmania may request further information in relation to notification and the PCBU

Notification to WorkSafe Tasmania is required under Regulation 348 (2):

- Immediately after it is known that the schedule 11 hazardous chemical or Schedule 11 group of hazardous chemicals is to be first used, handled or stored or at least 14 days before that first use (whichever is earlier)
- Immediately after it is known that there will be a significant change in the risk of using, handling or storing the Schedule 11 hazardous chemicals at the workplace or at least 14 days before the change (whichever is the earliest)
- As soon as practicable after the Schedule 11 hazardous chemical or group of Schedule 11 hazardous chemicals is no longer used, stored or handled or likely to be used, handled or stored at the workplace in future.

Further advisory information is available from www.worksafe.tas.gov.au or by calling the WorkSafe Tasmania Helpline on 1300 366 322.
