STANDARD OPERATING PROCEDURES

Standard operating procedures (SOPs) must be prepared by the Shotfirer/Authorised person and adopted by all personnel, this Part describes the main elements expected for a SOP and can be used as a guide. The completed SOP must be provided to Workplace Standards prior to the display.

Standard Operating Procedure must include the following:

- Venue inspection prior to display
- Site plan
- Fire prevention requirements – including appointment of a fire marshall
- Emergency plan
- Transport compliance
- Storage compliance
- Set up of fireworks - including firing box and circuit testing
- Display details
- Cooling off process
- Post display notification where required (incidents and/or accidents)

Please Note: Where building fire alarms are monitored by Tas Fire Service please make sure they are notified of display details on:

- Southern Region Office Phone: (03) 6230 8600
- Northern Region Office Phone: (03) 6336 5633
- North West Region Office Phone: (03) 6434 6700

Details of the Shotfirer/Authorised Person’s competence and experience will need to be included.

Guidance for the SOP should be obtained from a recognised Code of Practice such as the West Australian Code of Practice for Theatrical Fireworks, that Code can be accessed at:

http://www.dmp.wa.gov.au/documents/Code_of_Practice/DGS_CoP_WesternAustralianTheatricalFireworks.pdf

NOTE: Only commercially manufactured theatrical fireworks may be used (i.e. manufactured products intended for indoor use). Theatrical fireworks must be supplied with instructions for use including their performance characteristics (e.g. duration and size of effect). All theatrical fireworks must be purchased from people licensed to supply explosives. With the exception of an appropriately licensed operator preparing flash powder, it is illegal for any person to manufacture their own theatrical fireworks without a licence to manufacture explosives
