

IDEA GRANT SUCCESS

HEALTHIER SAFER and PRODUCTIVE WORKPLACES GRANT PROGRAM

WorkSafe Tasmania, on behalf of WorkCover Tasmania, is pleased to announce a Grant Program to support innovation, research, education and training that will improve workplaces and work practices with initiatives focusing on work, health and safety and workers compensation for injured workers, employees, and employers in Tasmania.

The Grant Program is open to workplaces, researchers and other eligible individuals and organisations that wish to make a difference for Tasmanian workers and employers.

Grant categories

Applicants may apply for grant funding in one or more of the following categories:

- **Innovation:** To change and improve a specific work health and safety environment, resulting in lower occurrence of work related injuries, illness and diseases, resulting in a positive outcome within a Tasmanian workplace.
- **Research:** To identify and develop a stronger understanding and further knowledge in areas of strategic workplace health and safety focus that supports evidence based decision making, supports the translation of research insights that help shape practice and improves workplace health and safety performance.
- **Education and Training:** To develop education and training to assist workers and employers in identifying, improving and promoting work health safety and wellbeing, including injury management, and preventing health hazards in the workplace.

Examples could include conducting leading-edge research directly relevant to targeted priority/high-consequence workplace health and safety industries, developing innovative solutions or preparing/delivering training programs - in work health and safety or return to work/injury management.

More detailed information about each stream is available at www.worksafe.tas.gov.au.

Funding levels

The Healthier Safer and Productive Workplaces Grant Program 2019–20 has two funding levels:
